PRESIDENT'S COLUMN

In the future your kids are going to ask you what happened "back in 2010".
 You can tell them the same old stuff was going on; Democrats and Republicans were name calling and lying about each other, egg heads were saying the earth was going to burn up if we didn't use different light bulbs and high efficiency toilets and we would all choke to death on smog if we didn't drive electric cars.
 Then tell them the good things that happened at YOUR club. In 2010 we put in all new trap equipment, built a Cowboy Action range and reworked the backstops / safety berms on all the rifle / pistol ranges, remodeled the archery target range and purchased a bunch of 3-D targets.
 The Lake Crew kept both our ponds in great shape with plenty of fish to be caught. The conservation bunch ran a fine fair and hunting program. All of the club's

shooting groups had an increase in interest throughout the year.

The Youth Program was expanded to include all areas of archery. Shooting, fishing, camping and hunting skills so the kids had a chance to try what we love to do. All in all it was a good year.

What could make 2011 an even better year? You could come out to join us more often. Call the chairman of the area you like best and find out what work programs and activities are coming up, mark the dates on your calendar and be there for all the fun!

Think of all the things that can get accomplished if every member spent more time being an active participant .

Have a great holiday season!

— Bob Brown

A VERY IMPORTANT WINTER WEATHER NOTICE!

The arrival of winter weather brings with it the realistic possibility that events at the club could be affected by hazardous winter weather conditions. Since January 1st, 2000 we have used the following weather policy:

If Greene County has declared a level 1 or higher snow emergency and is listed as such in TV, radio, and news broadcasts at 3 pm the day of any board or membership meeting, that meeting will be postponed and re-scheduled to the same day and time the following week unless otherwise indicated.

Common sense should always be used when deciding whether or not to attend any club activity during inclement weather. To further determine the status of other scheduled events at the club contact the chairperson in charge of that activity or refer to our website at www.gcfng.com.

2011 New Member Day 1/16/11

IT'S CHRISTMAS AT THE CLUB

Our woods are church quiet and the sunrise is bright, the overnight snowfall so powdery, glistening and white. There's a hawk on the light pole by the card shoot shack and raccoons by the trap house and the porch out back.

Nature's night watchman hoots out a final goodnight as a gaggle of Canada Geese move loudly out of sight. The cackle of a ring-neck rooster echoing loudly in the air stops a red fox in her tracks and draws her ominous stare.

Still lake waters mirror the splendor like a big sheet of glass as Cottontails huddle for warmth in clusters of switch grass. God's creatures are all stirring despite the wind and snow, unusually calm and content, so I'm sure they must know.

The clubhouse is silent and dark, you don't find that much; it's normally full of shooters, card games, laughter and such. Our gravel parking lots are empty and covered with drifts; as the wind softly whispers, the dumpster lid gently lifts.

A quick look about the grounds finds no human in sight; although strange and unusual, it somehow seems right. Let's look near the main gate; hmmm, no tire tracks here, only rabbit, pheasant, squirrel and a handful of deer.

You see today is Christmas Day here at the Fish & Game; every day here at the club is special, but not near the same. Today is a day for Rejoicing and Love from beginning to end, so enjoy this Special Day at home with family and friends!

MERRY
CHRISTMAS
